Meet Sensi smart thermostats

Sensi is a smart thermostat solution from Emerson —the second largest manufacturer of thermostats in the U.S. We’ve been specializing in HVAC solutions for more than 125 years.

Our smart thermostats are used in many energy efficiency and demand response programs and are also eligible for most rebate programs.

SENSI CUSTOMERS ENJOY THESE FEATURES TO HELP THEM SAVE HVAC ENERGY

Humidity control

Stay comfortable with humidification/dehumidification control.

View usage

Monitor current day and historical heating, cooling and fan runtimes right in the app.

Flexible scheduling

Program a schedule for each day of the week.

Circulating Fan

Helps maximize comfort and balance temperature throughout your home by increasing air circulation.

Remote access

Set, change and program home comfort from anywhere.

Monitor HVAC system

Get smart alerts to help detect extreme temperatures & humidity levels or loss of heating/cooling.

SMART HOME COMPATIBLE

Compatible with smart home platforms Amazon Alexa, the Google Assistant, Apple HomeKit and SmartThings.

SENSI MULTIPLE THERMOSTAT MANAGER

Sensi Multiple Thermostat Manager is cloud-based software that provides a solution to manage hundreds of smart thermostats remotely. Sensi MTM is an ideal solution for light commercial, schools and churches.
